We can handle 1, 2 or 3 people per video, with your guests choosing from 40 songs and over 100 video combinations to those songs. The Boogie Heads experience is suitable for all audiences.

A little more about the rental...

For only \$395 per hour, with a two hour minimum, you can get this awesome attraction set up at your event. Your guests pick a song that matches the demographics of their group (song style, number of people [up to three] and whether they are male or female) - see pages 3-6. We have over 100 song options to choose from and can get through 30-40 people per hour. They put on the green covers and lip sync to the song, moving their heads to the dance. Our state-of-the-art technology places their larger than life head on a professional dancer's body - talk about instant makeover! It's fun to watch and fun to do. your guests will leave with their own personalized DVD of their lip-syncing performance to treasure for years!

Don't be fooled by imitators. Part of what you are paying for is the rights to duplicate these songs. Legally, you can't just record these songs and make copies of them. We pay the BMI and ASCAP royalties for every song we offer, so your guests are having a great time and following the law! Each guest that leaves with a DVD has the right to show it to anyone they want, load it on Myspace or Facebook, and share it with their friends... just make sure you tell 'em Fun Services made it!
