

SPECIAL INFORMATION SHEET

"For Over 35 Years. The Original and Still the Best!"

How does it work?

Guests enter our on-site mobile studio area and a short video is filmed. While filming the video, guests may dance, wave, blow kisses or make up skits. Our staff will give you an idea of skits to be performed or they can just be spontaneous.

What if my guests don't know what to do for the video?

We provide a number of props for use during the video. If your event has a special theme, we endeavor to provide props to match the theme.
